Seniors Award Bush Dedication

In his seventh year in the Burleson Independent School District, Joe Bill Bush serves as a varsity offensive line coach and heads up the school's powerlifting program.

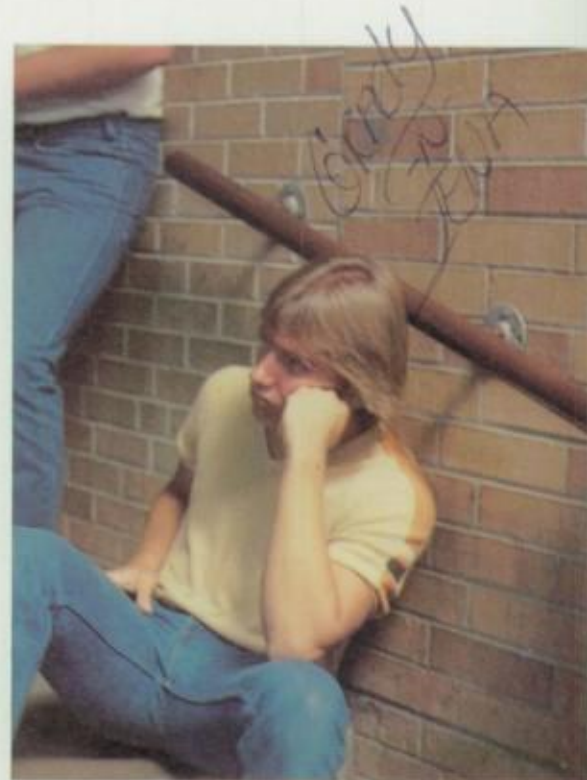

Last year Bush, who was a member of the National Powerlifting Team while a student at Tarleton State University in Stephenville, led the Burleson team to a state championship.

In his spare time Bush likes to backpack and camp as well as snow ski. Recently he has taken up running and has placed in some races.

Because of his enthusiasm for and total dedication to the students he coaches, the Class of 1982 had dedicated this book to him.

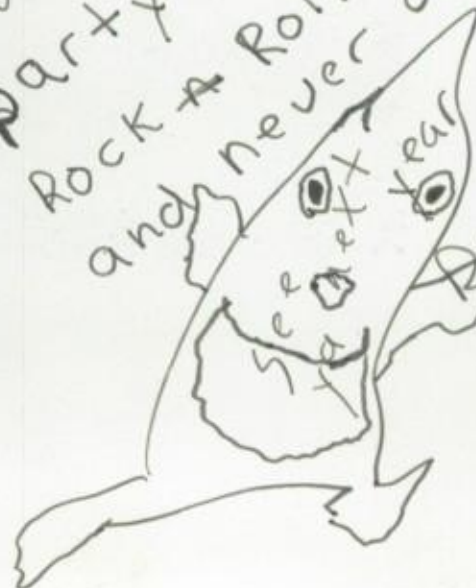

Personalities

High school is a place where different personalities meet. Ropers, dopers, athletes, "intellectual" students and class clowns all make up this environment. It is these diverse personalities that add magic to high school life.

Friendships that are formed during high school can last a lifetime. Even if friends lose touch after graduation, the strong emotional bond that linked them in high school will always be there.

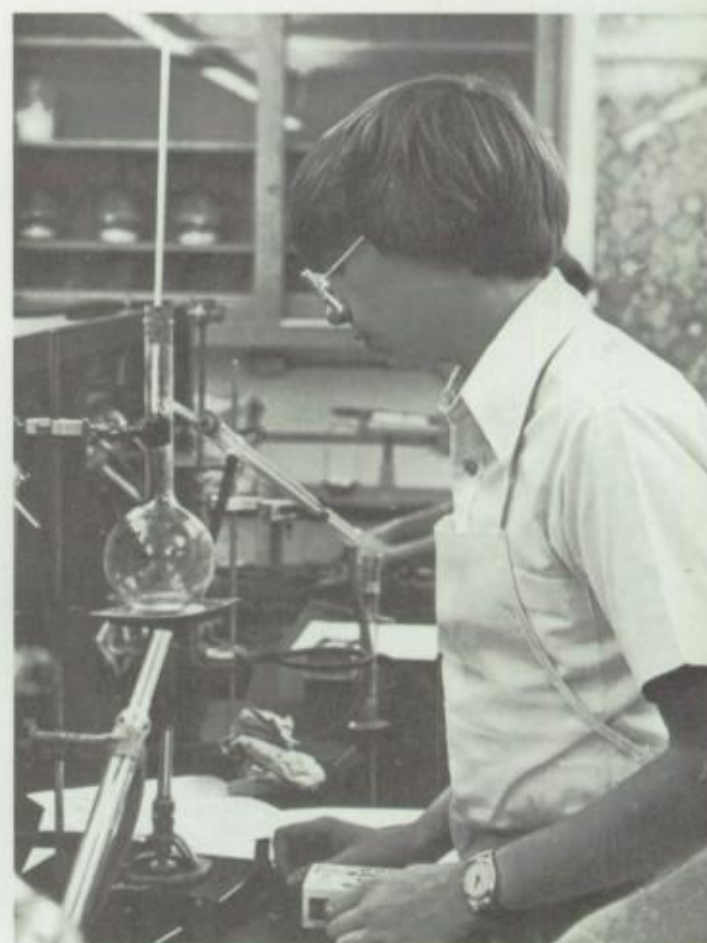

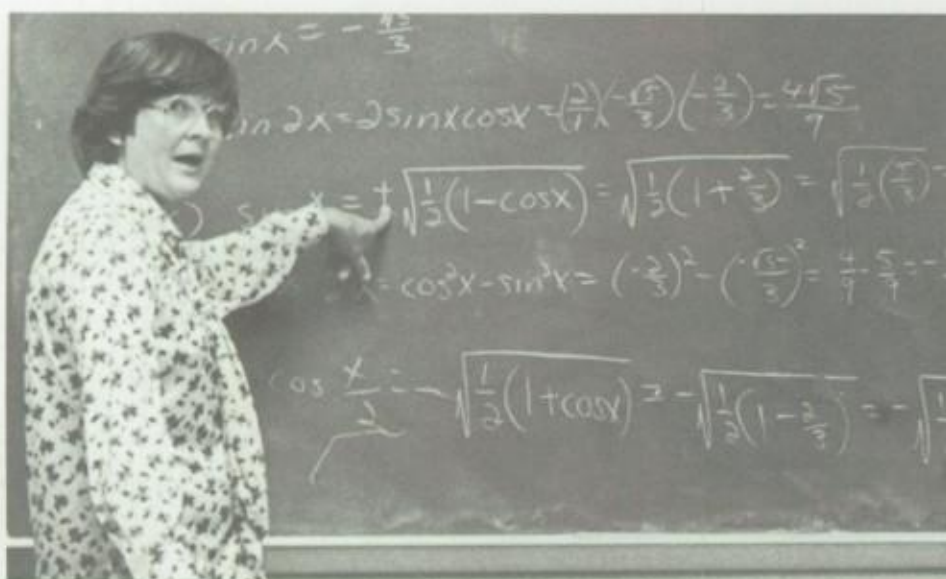

Togetherness

Whether it be with one friend or a group, the feeling of belonging is important to high school students. A lone individual, when paired with another, magically becomes a better person because of the togetherness that is shared.

Learning

After weeks, even months, of trying to learn an algebraic formula or the parts of speech — like magic — everything falls into place. Theories finally make sense; foreign languages are understandable — the learning process has begun.

Vann Found Guilty of Murder

Junior Mark Vann was found guilty by a majority of jurors in a mock trial performed by the third period business law class in December.

Vann, who was accused of the brutal slaying of Kandy Kane, was sentenced to 15 years imprisonment.

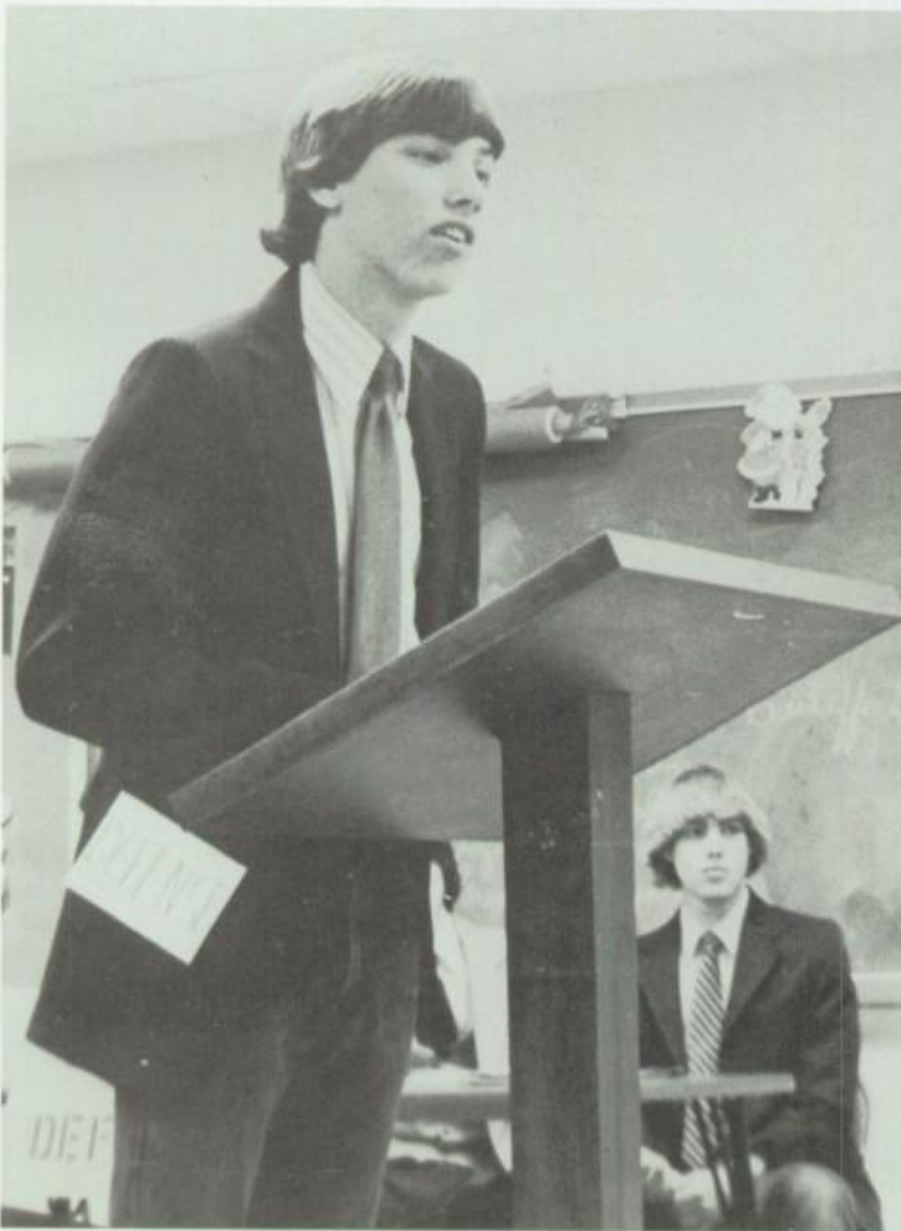

Lawyers for the State, Matt Powell, Greg Green and Sheryl Stewart, proved their case by calling a number of crime experts and neighbors that testified to the details of the crime and to seeing Vann around several times that day.

The defense lawyers, Karl Brock, Joe Lewis and Paul Bradford, sought in their case to prove that Vann could never have killed the missing girl by having friends, family and assorted persons establish his whereabouts on the day in question.

Judge Alan Nichols headed the proceeding and pronounced sentence when the 11 jurors returned their verdict.

An immediate appeal was filed by the defense on the grounds that undue influence was used on the jury.

The case is pending.

Joe Lewis presents his client's case to the jury.

Defense attorneys Paul Bradford and Karl Brock listen to testimony from witnesses.

At the end of the trial, Judge Alan Nichols sentenced the defendant to 15 years in prison.

Karate More Than Self Defense

As a fund raising project the Industrial Cooperative Training classes sponsored a karate demonstration performed by Billy Smith's American Karate Studio on Dec. 11.

During the assembly students viewed different methods of self defense taught at the school as well as demonstrations of strength by karate students.

Smith said he teaches Korean style karate and his studio will take students as young as five years old.

Although most people think of karate as a tool for self defense, Smith said that it teaches self discipline and is a "big booster of confidence."

"You're not afraid of anyone, and you know the limitations of your body," he said.

However, Smith warned that he teaches his students never to use karate unless they have to.

Council Sponsors Multi-media Assembly

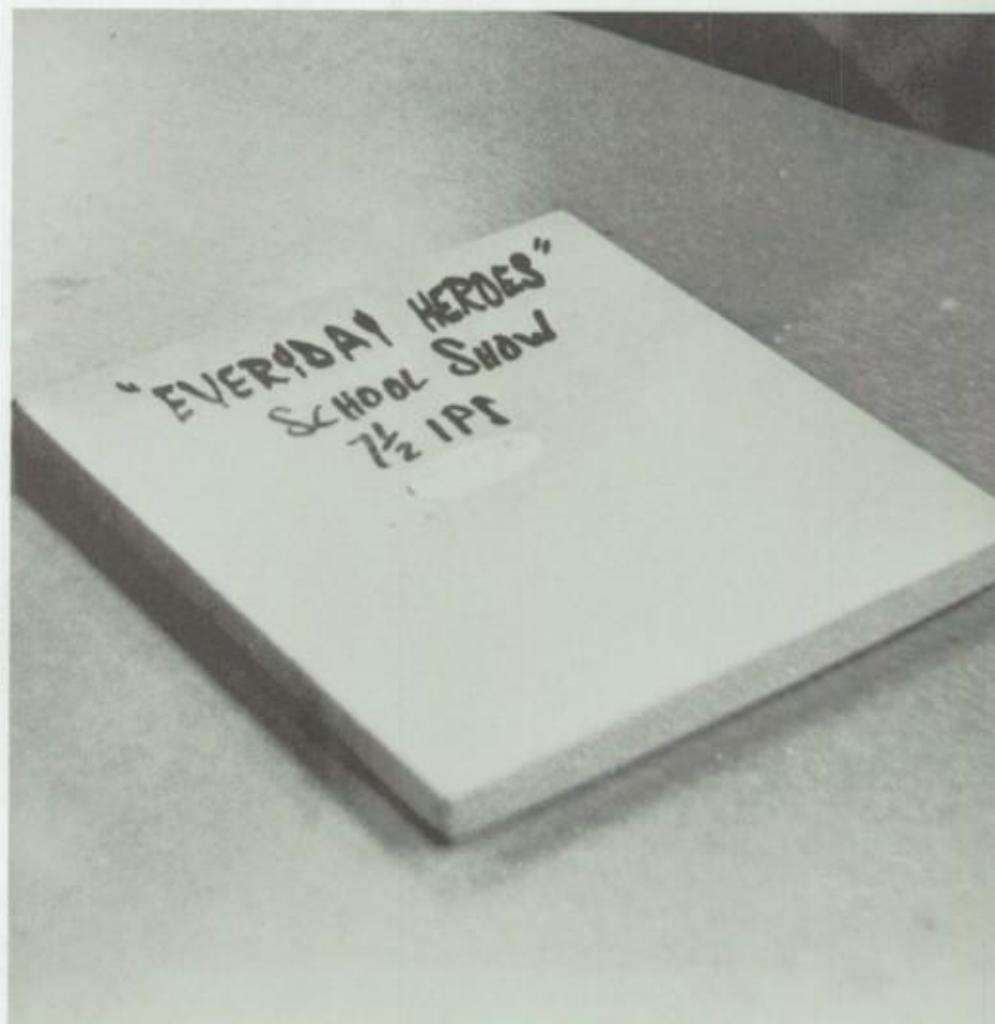

The Burleson High School (BHS) Student Council sponsored their first assembly Feb. 2.

The assembly, an audio-visual presentation by Camfel Productions of California, was held in the morning and lasted 55 minutes. The program was titled Everyday Heroes and dealt with commitment, responsibility and trust.

Student Council President Paula Babb said she hoped the program would become a tradition at BHS.

"I first saw it at Crowley. They've had it for three years now and all the poeple there love it. We also saw one when the officers went to a student council convention last year," she said.

Babb said the unusually high charge of \$1 was necessary because the movie cost the student council \$500 just to have it.

Jenkins Named Teacher of the Year

Business Department Chairman Betty Jenkins was selected as the 1981-1982 Teacher of the Year by the Burleson Chamber of Commerce in February.

Jenkins said she feels that education as a profession is one of the best. She said she thinks it is really important that people in education know their subject matter and like teaching.

After being here for 20 years, Jenkins has seen Burleson change before her eyes.

"Burleson has changed tremendously. The community used to be smaller, more stable. Now it is more mobile. The kids haven't changed much though. In fact, they've done better than most areas," Jenkins said.

Apparently, so has Jenkins. Twenty years of dedicated service well deserves an honor like Teacher of the Year.

"It was terrific. I was terribly flattered," said Jenkins.

Drama Students Present Murder Mystery

Hubert reads the latest details of the murder.

Dora and Mrs. Terrence show their disapproval toward a sudden turn of events.

Mrs. Bransom discusses her health with Nurse Libby.

Inspector Belsize confronts the household with Mrs. Chalfont's disappearance.

Olivia and Dan share a good-bye kiss before he goes off to jail.

Seniors Merrily Miller, Karrah Shipman and Cheryl McMahan were chosen to play the lead part in the Drama Department's production of **Night Must Fall**, a murder mystery set in England in 1935.

The three main characters in the play are Olivia Grayne, played by Merrily; Dan, performed by Karrah; and Mrs. Bransom, who was portrayed by Cheryl.

Other students who received parts were David Wilganoski as Inspector Belsize, Russell Smith as Hubert Laurie, Leann Thompson as Mrs. Terrence, Regina Williams as Dora Parkoe, and Lisa Bell as Nurse Libby.

The story of the play revolves around the murder of a guest at a resort hotel in Essex, England.

Dan, a bellboy at the hotel, seduces Dora Parkoe, maid of Mrs. Bransom's, and is summoned to the Bransom cottage. Such is his charm that Mrs. Bransom is immediately taken with him and adds him to her household servants.

The murder of the hotel guest is traced to Dan, by Olivia, an unhappy niece of Mrs. Bransom's, who decides to shield him.

Dan, grateful but unable to control his homicidal instincts, plots to murder Mrs. Bransom for her money. However, he is discovered and the police take him away to be hanged, leaving Olivia relieved but desolate.

Since the play is set in England, the actors had to speak with an accent. Laura Rhodes, drama teacher, said she felt that might have discouraged some potential actors.

"There was a medium amount of students at the auditions. I think some people got scared away by the dialect. But I was pleased with the tryouts," she said.

Performances were held Dec. 10 through Dec. 12 at Norwood Elementary School.

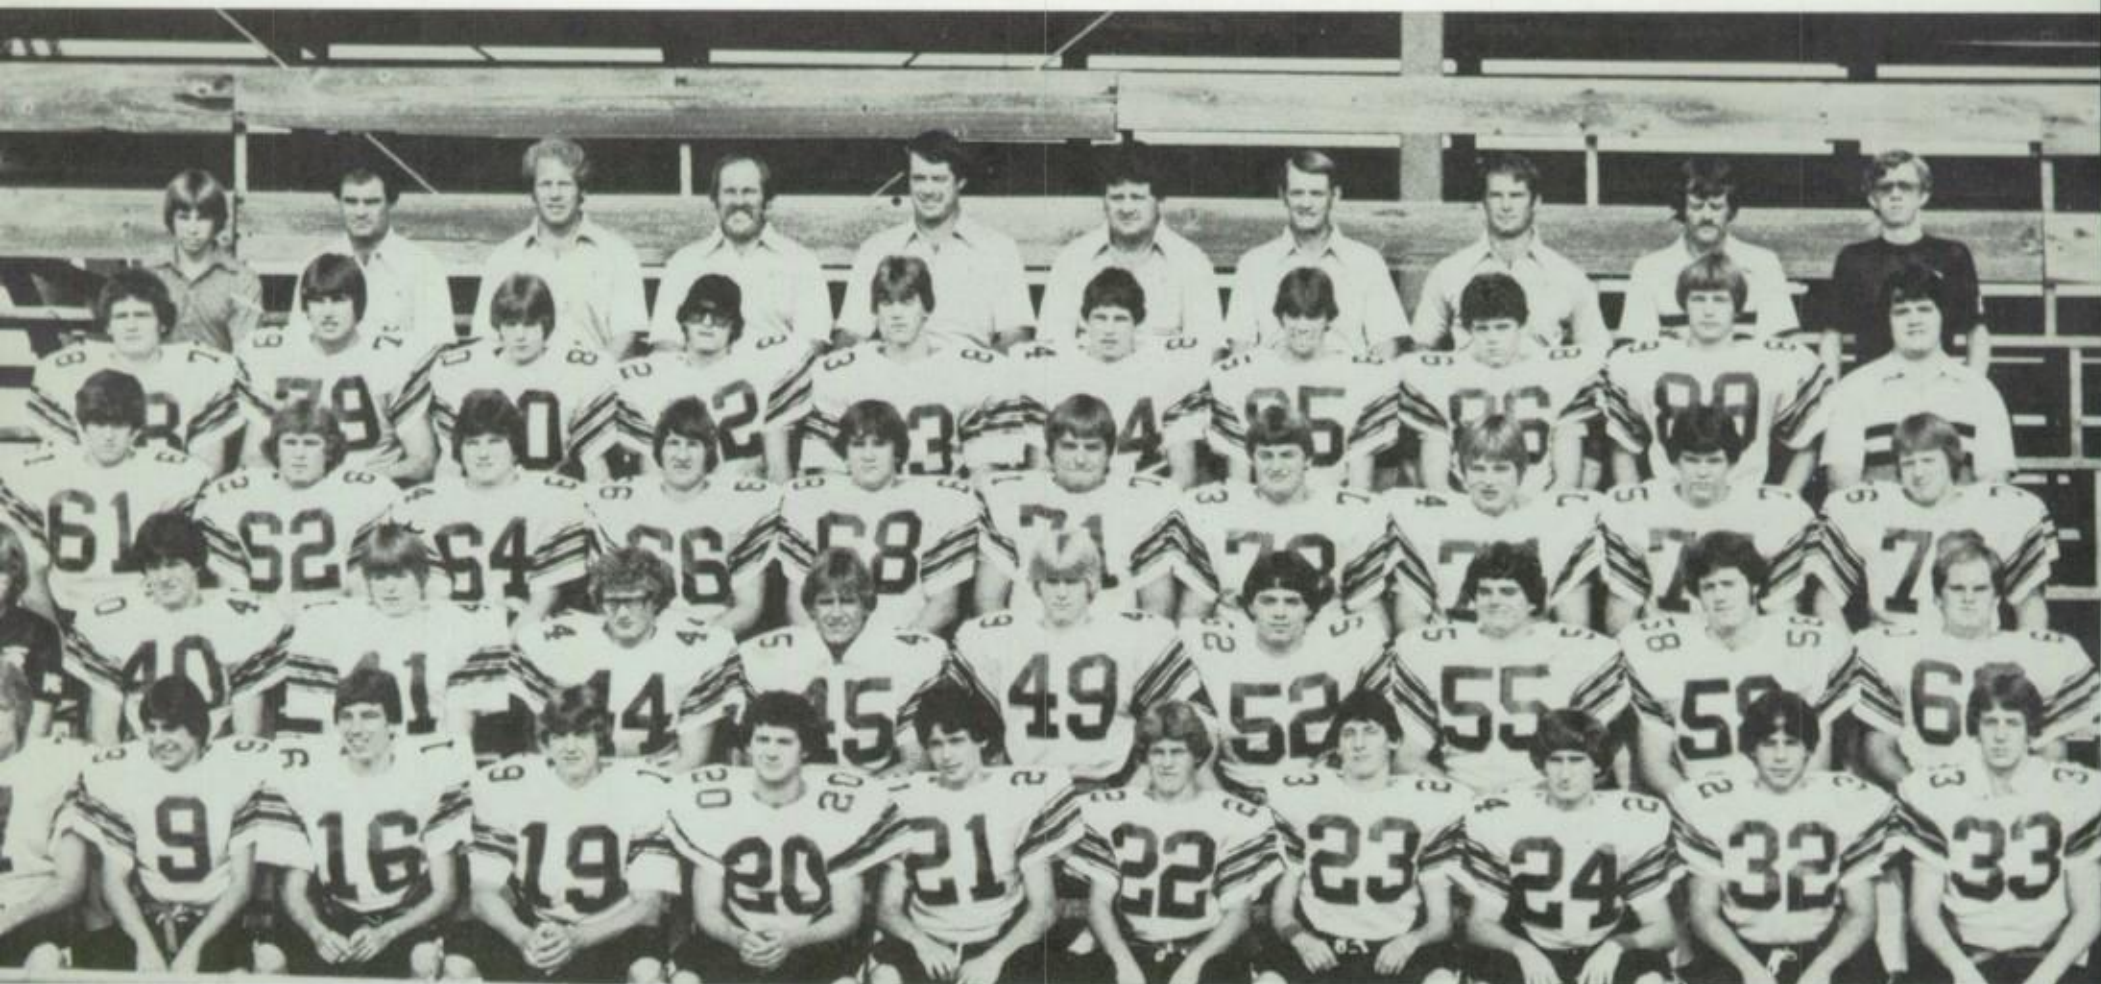

Mrs. Bransom tries to take her mind off her fears by reading a book.

Mrs. Terrence grabs a quick drink while Dan looks on.

Ten Elks Receive District Honors

Coach Gary Whites relays information from the pressbox to Head Coach Bill Bixler.

Three Elk players made first team and seven others were given honors when the All-District football picks were announced in December.

Offensive lineman David Jackson, running-back Ward Whites and defensive back Alan Nichols were chosen as first team members.

Receiver Stoney Spears received second team honors and a host of Elks including Spears, Jackson, linemen Alan Moore, Mike Griffin and Andy Adams, Linebacker Glen Rekieta, defensive back Ken Basinger and end Randy Dean were given honorable mention.

Jackson was the spearhead of the Elk line before being hurt in the Sam Houston game half way through district play.

Whites led all Elk rushers with 841 yards for the season also adding 173 yards with pass receptions.

Nichols saw the most playing time of all Elks this year. While punting and calling plays as a defensive back, Nichols was used at times at quarterback, kicker and runningback.

Spears and Dean were the Elks' clutch receivers from their tight end positions. Spears also received an honorable mention for this play as defensive end.

Hoop It Up Burleson Style!

After being knocked out of the championship race with a loss to Richland, the Elk varsity basketball team defeated district-leading Haltom on Feb. 19 showing the kind of heart and character that became the trademark of the team this year.

The Elks, with an 8-4 record, finished second to Richland's 10-2 but didn't post a record good enough to win either half of district.

"The team represented us extremely well in district," commented Head Varsity Coach Robert Hale.

After losing their opening district game to Bowie, the Elks rattled off three straight victories against Arlington, Sam Houston and Lamar before beating Richland when a driving underhand layup by Senior Steve Bloomfield at the end of the first overtime gave the Elks the victory.

The Elks were unable to beat Haltom in the last game of the first half as Richland and Bowie tied for First place.

The second half of district came off much like the first with a loss to Bowie and victories against Arlington, Sam Houston and Lamar. But this time the Elks lost to Richland and won against Haltom.

"We had a tremendous effort, especially from our seniors," said Hale.

JUNIOR VARSITY TENNIS CAPTAINS: Mindy Weaver and Kevin Boyd.

The 1981-1982 tennis team has continued working toward the goal of winning a district title.

After finishing a strong second behind Arlington High School in last year's district meet, the team has been preparing for this year's district showdown, compiling a fall season dual meet record of 20-0-2.

The loss of two key players, due to graduation, from last year's team, which went 33-2-3, has been eased somewhat by the development of younger players, which has also provided the team with the dimension of depth.

Coach Alana Brock's fourth year at the helm has been marked not only by a general feeling of competitive spirit among team members, but also by a healthy portion of the game's most important element — fun.

A tournament trip to Wichita Falls stands out as one of the highlights for the team.

Team members agree that it takes a certain amount of sacrifice and dedication to play tennis, but the end results produce a measure of satisfaction which quickly erases any memories associated with defeat.

The Force Is With Us

On March 27, 1981, the Burleson Elk powerlifting team, also known as The Force, placed first overall at the Stroud's Class III Men, Women and Master's Powerlifting Championships.

Later the team closed the year by edging three-time state champion DeSoto by one point and defeating 17 other teams to become the Texas High School State Powerlifting Champion at the State meet held May 9, 1981, in Austin.

The Elks had three individual State champions.

Doug Weaver, a 1981 graduate, won the 114-pound class with lifts totaling 825 pounds.

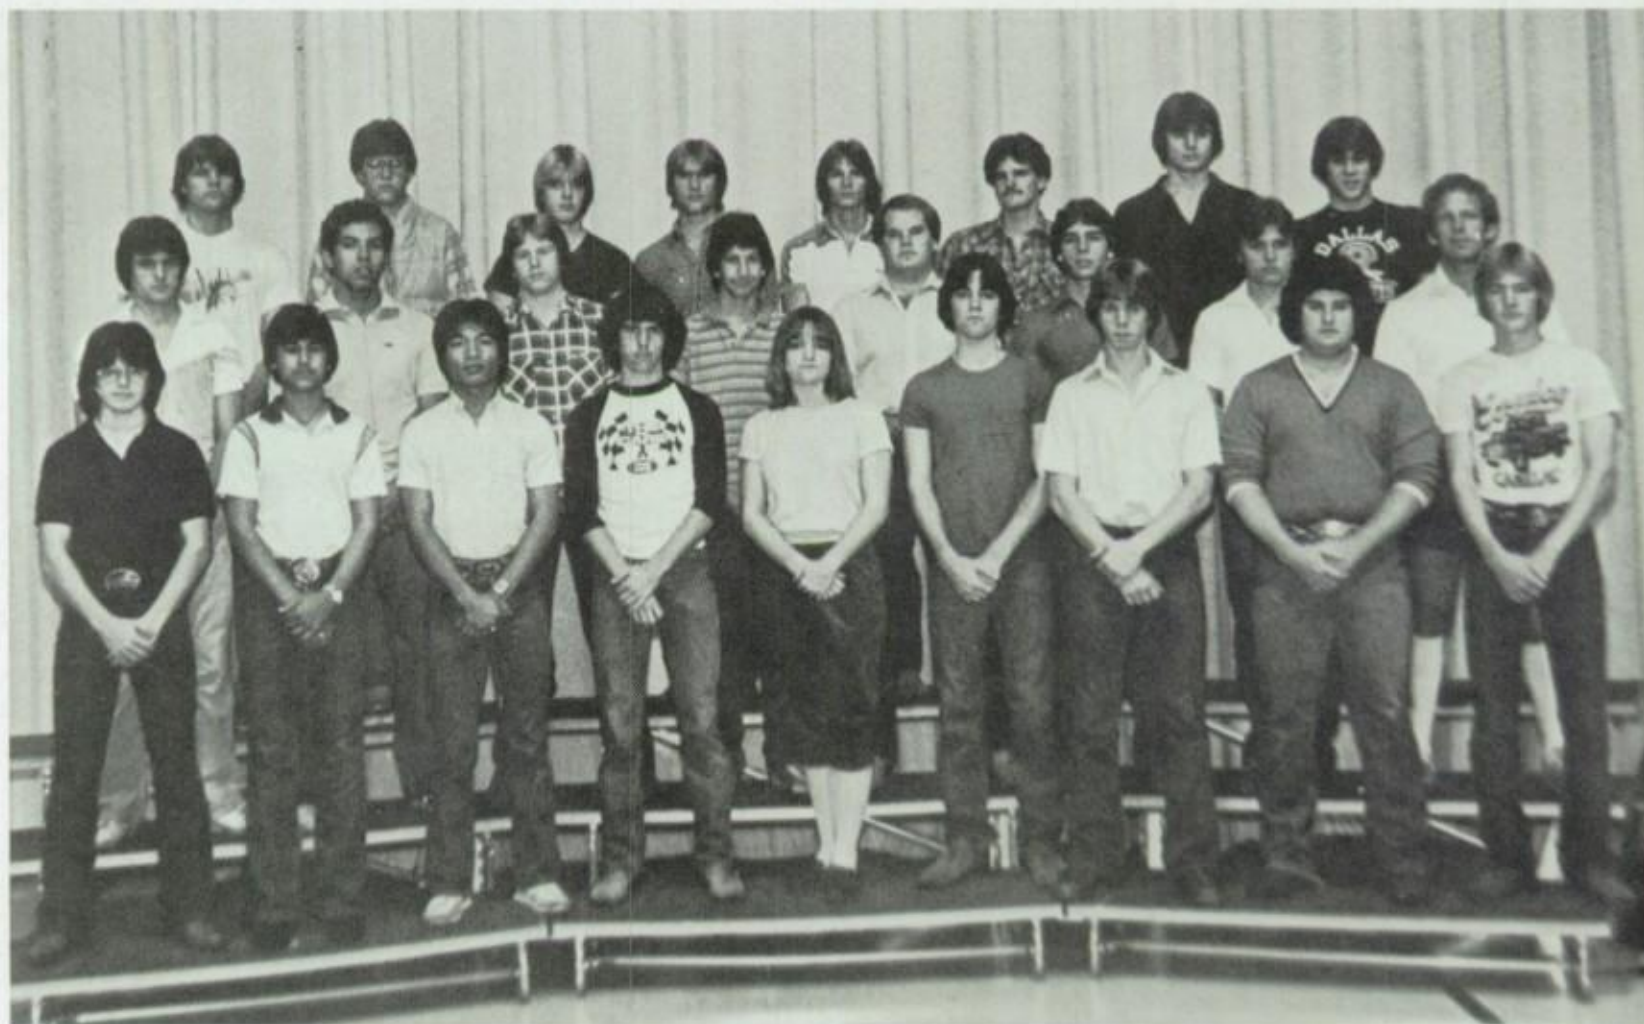

Billy Oliver, a junior this year, won first place in the 132-pound class with lifts totaling 940 pounds.

Marshall Wallace, now a Burleson graduate, won the 148-pound classification. In addition, he was named "Outstanding Lifter."

This year the team hopes to successfully defend its title.

Cheerleaders Boost Spirit

Maintaining a high level of enthusiasm and instilling more school spirit were two goals the varsity cheerleaders set for themselves early this year.

Varsity Cheerleader sponsor Loretta Bruce said she felt the girls reached their goals by staging successful pep rallies during football season and emphasizing the importance of all sports, not just football.

To prepare for the upcoming school year the squad attended a cheerleading camp at Southern Methodist University in Dallas last summer and came away with the Spirit Stick, an award recognizing their spirit and performance while at camp.

During one of their halftime shows band members performed a segment centering on the Civil War.

Burleson band members were prepared to hang up their marching shoes as the season came to a close with their last two contests, but they received a big surprise when they were invited to compete at the State University Interscholastic League (UIL) Marching Contest on Nov. 23 and Nov. 24 at the University of Texas at Austin.

The band was awarded a first division rating and later found out they had qualified for State at the UIL regional competition Nov. 3 at the University of Texas at Arlington.

According to Richard Crummel, band director, he went to the contest headquarters to pick up the band's trophy and criticism sheets and discovered the band had been selected to represent the region in State competition.

"I walked in the door and people started congratulating me," he said. "I didn't even know what for until they told me. I snuck out the back so I could run to the buses and tell the band."

Crummel said usually two bands are chosen from each classification, but this year Burleson was picked from the 5A schools.

The band received a second division rating at the State contest.

Being a band member means performing in both good weather and bad.

Drama Department Spooks Kids

The Drama Department sponsored a spook house Oct. 29 from 6:30 p.m. to 9:30 p.m. for elementary school-age children.

The cost was \$1 per person and no one above the sixth grade level was allowed to go through the spook house unless they were accompanying a small child.

The fourth and fifth period drama classes as well as the beginning acting classes worked on the spook house, and senior Leann Thompson was unofficially in charge.

David Wilganoski portrays Robert Pershing Waslow, the world's tallest man, who reached his full height of 8-feet-11 when he was 22.

Drama teacher Laura Rhodes sets the blocking for *I Didn't Know That* while Sophomore Shawn White gets up to take his place with the other actors.

Players Present Odd Facts to Kids

From Farm Ollie was the first cow to fly in an airplane after a bumpy takeoff in 1930. Members of the advanced acting class form an airplane to illustrate this event to their audience.

The advanced drama class, consisting of 23 people, put on a free children's play for all the elementary schools in Burleson in March.

The play, *I Didn't Know That*, is a lighthearted revue of first facts, selected oddities and world records, according to Laura Rhodes, drama instructor.

The drama class divided into two casts, each visiting two of the elementary schools.

The play contains records such as the largest banana split and the longest sneezing bout on record, according to Rhodes.

"All the practices are done during our fourth period class," said Senior David Wilganoski.

"It's going to be the best children's play we've put out of the three years we've performed them," David said.

For the first time since the 1976-1977 school year there was a female student body president.

Paula Babb was elected president of the student council in a very close contest defeating Terry Ford and Dawn Frasier last spring.

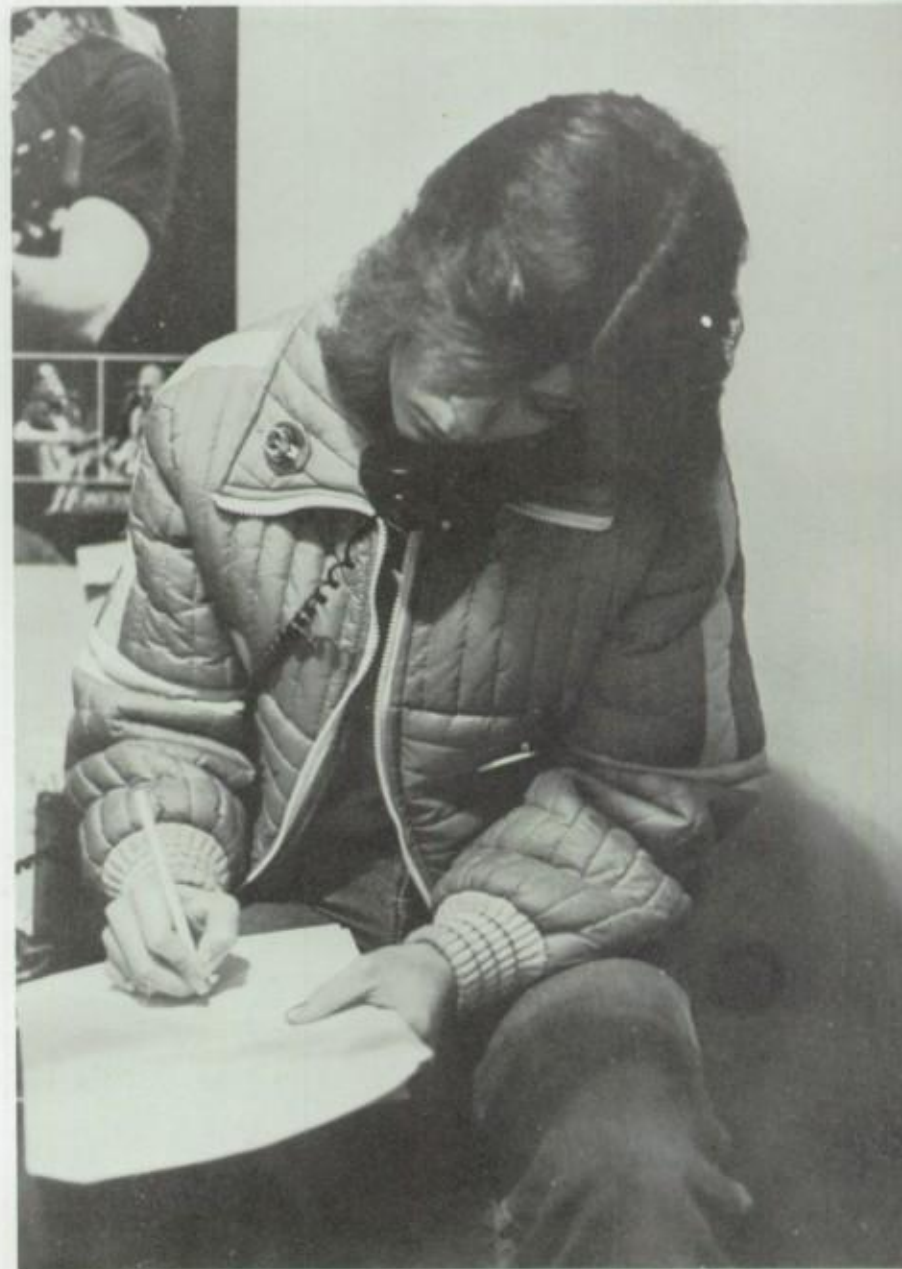

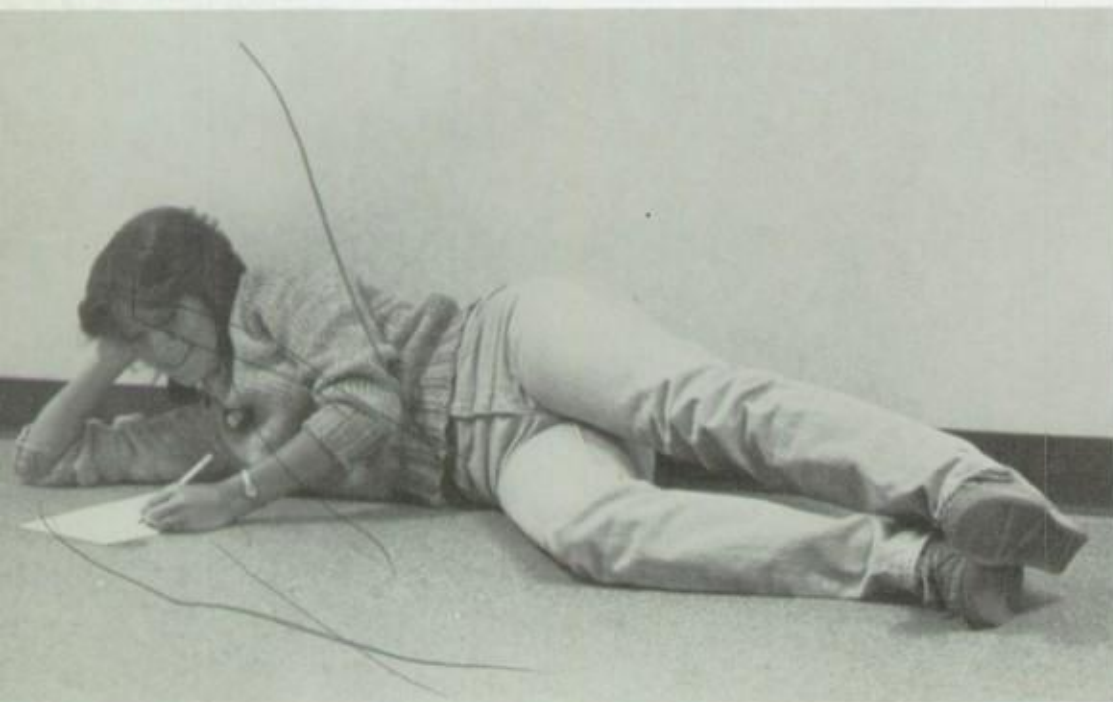

"I thought the school needed a good Christian leader to be an example for people to follow," Paula said. Also there hasn't been any girl presidents for a long time because "the role of a president is a macho image," she added.

One of the first changes Paula and the rest of the student council officers made was to alter the structure of student council.

This year there was one representative and one alternate from each homeroom.

Paula expressed the hope that this change would help make the year better. She said, "We'll be able to reach more people and keep them informed about what is taking place."

Besides organizing homecoming activities and all school elections, some of the other projects the council was in charge of included opening an extra gate in the student parking lot, painting the cafeteria and staging a multi-media assembly produced by Camfel Productions.

Robbie,

You are real sweet, I'm glad we
met in six grade. I hope we can
stay friends forever. I hope you call
me this summer maybe we can
go get fucked up ^{and} raise some hell.
I hope you have a nice summer
raise hell but don't raise too
much hell. Try to stay away
from the pips and try to stay
fucked up. Keep in touch.

Wanda Walker —
Associate Principal

As newly appointed associate principal, Wanda Walker's duties include handling discipline and Senior Class activities.

During his three years here, Principal Charles Boren has instituted many changes including the publication of a student handbook outlining course selections and school policies.

Assistant Principal Terry Ford takes a break from a busy school day to visit with his brother, David Ford.

Students looking for familiar faces in the office this year had to look harder because administrative changes have added new people to that old familiar scene.

Judy Hajek, former assistant principal, was appointed principal at Norwood Elementary School, leaving Terry Ford as the only assistant principal here.

Wanda Walker and Ronnie Johnson were promoted to associate principal positions which include the duties of discipline and student activities.

Principal Charles Boren said the change was an organizational one which he felt would be beneficial because it better utilized the expertise of the people involved.

Throughout the year Assistant Principal Terry Ford spends some of his time observing teachers in the classroom.

As associate principal, Ronnie Johnson supervises the halls during the lunch periods.

Happy Times

There are friends to be made, parties to go to, and activities to take part in during high school. These times are some of the happiest in a person's life.

Sad Times

It's one of "those days" again. The alarm didn't go off, the car won't start, late to class for the fourth time which means D-hall and a test today! All of it adds up to a pretty sad time.

Good Times

Working on a special project, participating in extracurricular activities or cutting up with friends are all a part of the good times to be found in high school.

Bad Times

Along with the good times in high school come the bad times, and one of the worst ways to spend time is waiting. Whether it be sitting in the office, standing in line or waiting to go home, the time spent is never any fun.

Memories

High school years are an eventful time in life. The lasting friendships formed and the knowledge gained are things that will always be remembered — for the magic of high school lies in those memories.

Robbie,

So a real sweet and cute guy
that I have enjoyed riding the bus
with. You are a real nice guy I'm
glad we got to be friends. I hope we
can become better friends and go partying
in the years to come. I hope that
Maki drives the bus next year (if
we all ride) so that we can raise
hell with him. It has really
been fun. Maki is so stupid
that we don't know when you are
making fun with him or not.

I would love to ride the bus
next year just to raise some hell.

Sometime next year when I
get my car I'll come get ya and
we'll go get 'fucked up' (excuse my
French) before school or something.

That's only if you want to. I'll
I guess I'll let ya go cuz my
hand is starting to hurt!

Life is short and there are so many dreams to fulfill. Elementary, junior high and high school are like a warm-up for a big race. Being a senior it seems like that big race starts in an hour. There are so many feelings too — excitement, impatience, and fear. Yes, fear that goals won't be accomplished before the race is over. So we try to live every day to the fullest, so when the race ends, no matter what place we come in, we will still win.
